# Luxury that everyone can afford

## *No Special Installation or Delivery Required*

Designed for easy DIY installation, the Serenity Hot Tub is the perfect choice for anyone who wants a premium relaxation experience without the hassle or cost of professional installation. Enjoy the luxury of a hot tub, at a price that fits your budget.

**Year-Round Relaxation:** Create your personal oasis anytime, with a hot tub that fits perfectly into your lifestyle. Its compact size and easy installation make it a great choice for use year-round.

**Effortless Installation, More Savings:** The Serenity Series hot tub requires no professional installation, allowing for a more affordable price point. You'll appreciate the cost-effective, DIY setup, getting you into relaxation mode faster.

**Compact & Easy to Transport:** With its manageable size and lighter weight, the Serenity Series is easy to move and install, meaning less stress and more time to unwind.

**Energy-Efficient & Low Maintenance:** Enjoy long-term savings with energy-efficient features like the Xtreme insulation system. The low-maintenance UV & ozonator sanitation system keeps the water clean with minimal effort, so you can spend more time relaxing.

**Perfect for Your Home:** This two-seater design is ideal for couples or individuals with limited space, offering a cozy and luxurious escape right in your own backyard.

**Underwater LED Spotlight for Enhanced Ambiance:** Your hot tub includes a built-in LED spotlight, ensuring safe and enjoyable use anytime, day or night.
